Re: WASC accreditation visit

I am proud to report that TCIS has benefitted from a very successful WASC review of the improvements at TCIS from 2014 to 2017.

The WASC mid-cycle review was completed March 14 and we have a positive report! We have earned our full accreditation until 2020!

The commendations are numerous as the team expressed great satisfaction at seeing the improvements to address the 2014 probation report.

I want to thank our Board, parents, students, teachers, administration and staff for the hard work during the last 3 years. You are super!

Dr John and the admin team are already addressing the few new recommendations identified by WASC.

With strong leadership, the future for TCIS is quite positive!

Sincerely,

Dr. Steve
