Message from Dr. Michael

Dear TCIS Family,

This week at TCIS has been a wonderful reminder of both where we come from and where we are going.

Our Double 10 Day celebration gave us a special opportunity to honor Taiwan, its people, and the important role Taiwan has played in the history of TCIS. More than 30 years ago, support from the Taiwanese government and Taiwanese business community in Thailand helped establish our school, and that connection remains an important part of who we are today. We were honored to welcome representatives from TECO and to celebrate the values of innovation, democracy, kindness, education, and friendship that continue to connect Taiwan, Thailand, and our international community. A special thank you also goes to Mr. Tony and the Chinese Department for helping make the celebration so meaningful.

At the same time, the future of TCIS continues to take shape as construction progresses across all four new buildings. Major structural work has advanced on the upper floors, while brickwork, tiling, electrical, plumbing, air-conditioning, and finishing work continue throughout the project. Work has also begun in the swimming pool area, and additional concrete pours are scheduled for the coming week.

Every week, these buildings look a little more like the future we have imagined for TCIS. What is being built here is much more than new classrooms, activity spaces, and facilities — it is a place where our children will learn, discover new passions, build friendships, celebrate achievements, and create memories that will stay with them for years to come.

We also want to remind all families that Parent-Teacher Meetings will be held this Thursday. We strongly encourage parents to make every effort to attend and meet with your child's teachers. These conversations are an important part of the partnership between home and school and give families the opportunity to learn more about student progress, celebrate successes, ask questions, and discuss how we can continue supporting each child together.

From honoring our history through Double 10 Day, to building for our future, to strengthening the partnership between parents and teachers, this week reflects what makes TCIS special. We are grateful to our Foundation Board, our families, our faculty and staff, and everyone who continues to support our school. We are building the future of TCIS together — as one community and one TCIS family.

Regards,

Dr. Michael

Dear TCIS Family,

Parents are welcome to attend the TCIS Thai University Fair that will take place on **Tuesday, October 20th, 2026** at the following times:

- 1.10 - 2.30pm: Senior students G.12
- 2.30 - 3.00 pm: G.8 - G11

We look forward to seeing you there.

Dr. James' Message

Dear TCIS Family,

End of Quarter 1

As we wrap up Q1 in ECE and elementary, I would like to express our thanks to everyone for their continued support and dedication throughout the term. Your contributions and commitment have helped make this quarter a success, and I truly appreciate the time and effort everyone has put into supporting our students and school community.

I hope everyone enjoys a relaxing and refreshing holiday, with time to recharge and spend meaningful moments with family and friends. I look forward to welcoming everyone back for Q2 with renewed energy, fresh ideas, and excitement for learning. Our upcoming Q2 Highlights include our **Parent Teacher Conferences, Halloween, Week Without Walls**, and our **ECE and Elementary Winter Concerts**! Wishing everyone a wonderful break!

Double Ten Day

Our Double Ten Day celebration was a memorable occasion filled with cultural pride and outstanding performances. The event opened with an impressive traditional drum performance, setting an exciting tone for the day. Students from the elementary, middle, and high secondary levels showcased their talents and contributed to the success of the celebration. Our MCs also did an excellent job guiding the program and keeping everything on track.

I sincerely appreciate **Mr. Frank, Dr. Michael,** the **Board members**, and all our special guests for joining us and showing their support. A big thank-you goes to **Mr. Tony** and the Chinese Department for their dedication and effort in preparing and coordinating this meaningful event. Double 10 Day Photos Double 10 Day Video

Diorama Day - Grade 1 & Grade 2 Parents Invited

I warmly invite grade 1 and grade 2 parents to join our Grade 1 and Grade 2 Diorama Day at **2:15pm, on Wednesday, October 31st, 2026.** The event will take place within the grade 1 & 2 classroom. Students will have the opportunity to present their creative diorama projects, share their ideas, and explain the inspiration behind their wonderful creations. We look forward to celebrating their hard work and creativity with you!
Parking: Please note that parking on the basketball court will not be available. Diorama Day Poster

Parent Teacher Conferences - Thursday, October 22nd, 2026

Parent Teacher Conferences will take place on **Thursday, October 22nd, 2026.** We look forward to having you attend and speak with your children's teachers. There is no school for students during parent teacher conferences.

Kind regards,

Dr. James james.cooke@tcis.ac.th

Dr. Richard's Message

Dear Middle School Parents,

We completed our first quarter and have reached our first break of the school year. School breaks are important. It gives students time to de-stress, travel, and spend time with family and friends. Please ensure they have a fun and safe break. I look forward to welcoming them back when we return to school on October 19, 2026.

UniFrog

We introduced UniFrog to Grade 6, and they will need to complete the introductory course. Grades 6 and up will continue using UniFrog until they graduate. As middle school students, they can explore potential universities and jobs. They can also take courses to earn recommendations. Most importantly, students can start building an online portfolio that they can eventually share with the universities they apply to. Here is a parent guide to Unifrog.

PSAT & University

Grade 8 students successfully complete the PSAT. A make-up session is available on October 20. Once the results are available, students will better understand how to set goals to reach their desired SAT scores for their dream schools. Khan Academy offers free online training connected to the College Board.

On October 20, Grade 8 students will also attend the Thai University fair. Students can explore potential options and talk directly with Thai university admissions.

Double 10 Day

The Double 10 Day celebration was an amazing showcase of talent and culture. It was a wonderful way to close out Quarter 1. The board provided birthday cupcakes to all students.

Business Manager: Ms. Apple

Dear TCIS Family,

New School Bus

We are proud to announce that our new 42-seat school bus has arrived at TCIS!

The new bus will replace our old bus and will primarily be used to provide transportation for our teachers and staff to and from Bang Na BTS Station. It will also be available for student transportation during selected school activities and events.

This reflects our continued commitment to providing safe, reliable, and convenient transportation for our school community, while supporting the daily commuting needs of our teachers and staff and facilitating student participation in various school activities.

LED Display

We have replaced the projector on the 6th floor of the MS Building with a new LED display. This upgrade will provide clearer and brighter visuals, making it easier to support presentations, student activities, and various school events.

Regards,

Ms. Apple

KEEPING CHILDREN SAFE IN EDUCATION
WHAT YOU NEED TO KNOW

A child means everyone under the age of 18.

Children need the right help at the right time to address risks

Remember 'it could happen here' where safeguarding is concerned.

We are all responsible for the welfare of children and keeping the environment safe, whatever our job.

TCIS School-Wide Learner Outcomes: Part of Everything We Do

Global Citizens
Empowered, responsible contributors to local and global communities, embracing intercultural understanding and fostering mutual respect to inspire peaceful, positive change.

Open-Minded Thinkers
Reflective individuals who value cultural awareness, approach new ideas with curiosity, creativity, and thoughtful consideration of multiple perspectives.

Well-Balanced Individuals
Pursuing intellectual, physical, and emotional well-being to support both personal growth and academic achievement.

Optimistic Risk-Takers
Reflective individuals who value cultural awareness, approach new ideas with curiosity, creativity, and thoughtful consideration of multiple perspectives.

Lifelong Learners
Inquisitive, adaptable minds dedicated to growth, welcoming new knowledge, skills, and perspectives across all life stages.

Voices for Collaboration
Empathetic communicators who value diverse viewpoints, working together across cultures to achieve shared goals.

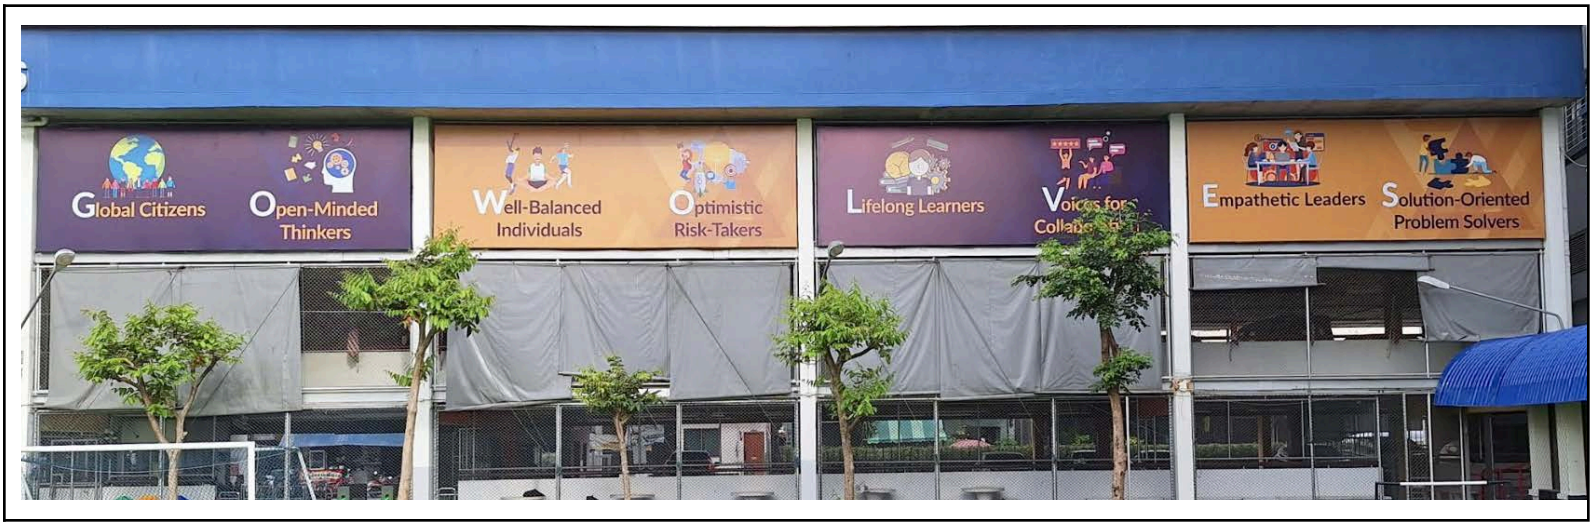

Empathetic Leaders
Caring and principled leaders who act ethically, reflect on their actions, and show a commitment to creating a more compassionate world.

Solution-Oriented Problem Solvers
Innovative and critical thinkers who use knowledge responsibly to address challenges, aiming for solutions that benefit communities worldwide.

ECE/ES Counselors Corner:

Dear TCIS Family,

Hello TCIS families! We're so glad to be back at school together again. We hope the flooding didn't affect you too much. Today, the school counselor team has a few helpful tips to share.

Floods affect more than homes and belongings. They also affect children's hearts and minds. The 3 L's can help adults support children through the crisis.

Look. Watch for changes in your child. Younger children may become fussy, anxious, or have nightmares, and some return to earlier behaviors such as bedwetting. Older children and teens may lose their appetite, become irritable, seem sad, or withdraw.

Listen. Start by making sure shelter, food, and medicine are secure. Explain what is happening in simple terms and limit frightening news or images. Let children talk about how they feel, and stay patient when they ask the same questions again. Relaxing activities, storytelling, and small chores can help them feel calmer and involved.

Link. If your child is still very stressed two weeks later, reach out to a public health worker or call the **Mental Health Hotline at 1323**, free and open 24 hours a day.

In hard times, your presence and patience give children the strength to get through.

Kind regards,

TCIS Counseling Team

Class: 1A: Teacher: Ms. Gillian 1A TA: Ms. Aoh

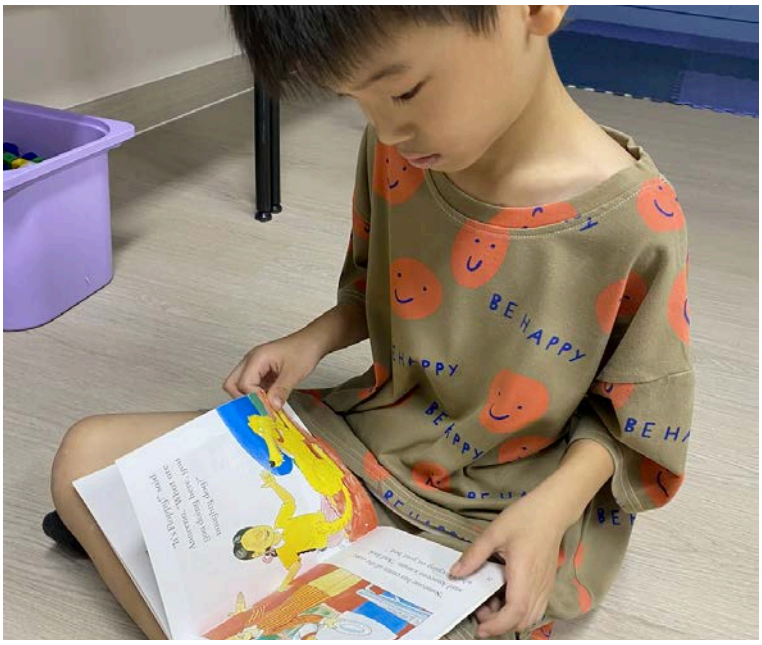

Dear Parents,

We have been having so much fun in Grade 1. I am so impressed with every student's hard work. I was especially impressed with how focused and attentive students were as we navigated a week of online learning. It is very nice to be back in person with everyone and I hope everyone is healthy and happy after the flood. Many good things to look forward to here in G1A!

Class: 1B Teacher: Ms. Kristen TA: Ms. Ms. Gink

Dear Parents,

We had a wonderful week back at school after the flood! I really enjoyed learning with everyone remotely and was so impressed by our independent, focused Grade 1 students. In phonics, we have been learning a new sound each week. Students are beginning to recognize phonics patterns as they read, and many were excited to discover the “ee” vowel team in their books! In math, we are continuing to practise addition and subtraction word problems. We hope everyone is excited for Diorama Day after the break! Have a safe and relaxing October break. Keep up the great work, Grade 1

MOONCAKES

Class: 1C Teacher: Mr. Donovan TA: Ms. Ms. Karn

Dear Parents,

Math has truly been alive this week! We injected new energy into our math block using hands-on learning. We used role-playing to act out scenarios, balls to physically count and track numbers, and number blocks to build and visualize the math right in front of us. By interacting with the problems, our little mathematicians are learning to visualize what they read, find creative ways to express their understanding, and discover that there is always more than one way to solve a problem.

Beyond math, we have had a very productive week across our other subjects, wrapping up our project by finishing our dioramas and finalizing the scripts for our upcoming presentations, while our English lessons focused heavily on decoding words and practicing writing complete stories that contain three or more sentences.
Check out the photos below to see our wonderful students in action!

Best regards, Mr. Donovan

Dear Parents,

We've been busy, busy, busy in 2A! With all of the exciting activities we've had, including Wai Kru Ceremony, Spirit Week, Mid-Autumn Festival read-aloud, and more, it was a super fun September! Although we ended September with online learning, everyone still did a fantastic job and had great fun showing school spirit!

Dear Parents,

September has been full of exciting events and school spirit! From Wai Kru to Spirit Week and our Non-Uniform Day, students have had so many opportunities to celebrate together. We loved seeing everyone show their creativity and enthusiasm through Career Day, Pajama Day, Wacky Day, and so many other fun themes. It has been wonderful to see our students come together, participate, and show their TCIS spirit all month long!

Class: 3A Teacher: Mr. Patrick

Dear Parents,

Firstly, I would just like to thank you for your flexibility regarding online learning during the week of the flood and that I hope that you and your loved ones' homes are safe! We've been up to a lot in 3A, including finishing up our unit on personal narratives, conceptual understanding of multiplication and division, and learning about habitats and life cycles in STEM. While we are very happy to be back in the classroom again, I hope that everyone enjoys their well-deserved break next week!

I'm OK

Class: 3B Teacher: Mr. Gabriel

Dear Parents,

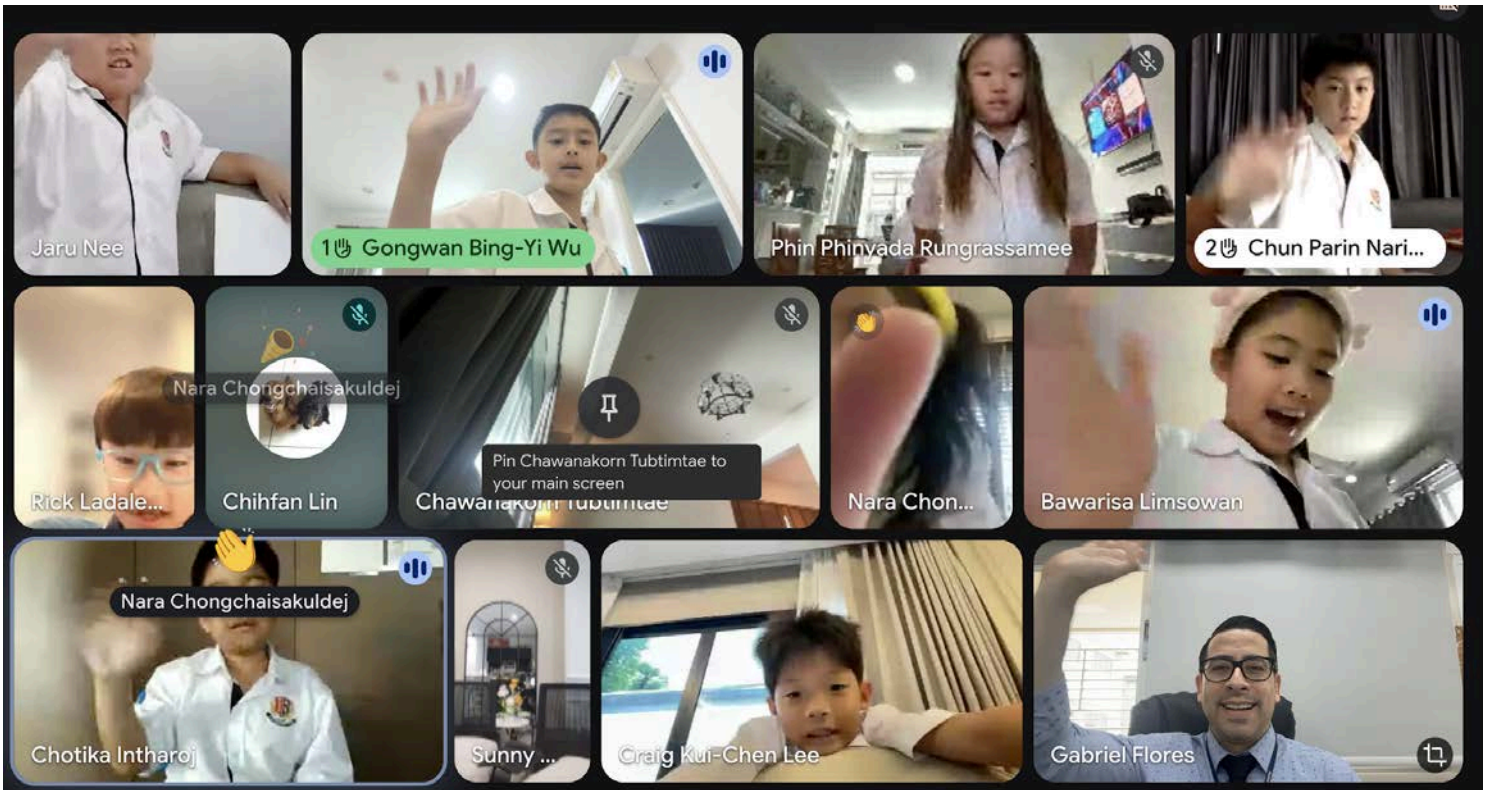

John Holt reminds us that: “Learning is the product of the activity of learners.” We have been active learners: drafting our Special moments onto Google Docs; collaborating with our peers to build a structure for the ES student Council Challenge; showing our school spirit during Spirit Week; celebrating Nara’s birthday; honouring our teachers during Wai Kru Day and demonstrating resilience through our online learning.

Dear Parents,
In 3C, collaboration happens in anything and everything we do! Whether we're solving math problems, exploring STEM, completing a social-emotional learning activity, researching a new part of the world, or enjoying a much-needed brain break, we are learning how to think independently while growing together as a class. As we have learned over the last 5 or more weeks, learning doesn't stop when we leave the classroom! Through e-learning, 3C continues to practice independence, responsibility, communication, and collaboration in different environments. Whether side-by-side or screen-to-screen, our goal remains the same: think for ourselves, learn from one another, encourage each other, and grow together! What an amazing first Quarter.

Class: 4A Teacher: Mr. Jay

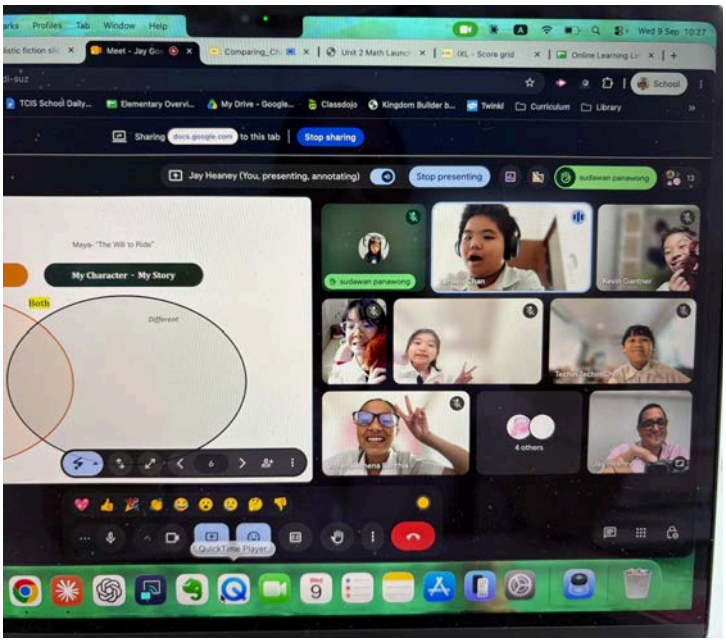

Dear Parents,

September kept us busy with Spirit Week and Wai Kru. After the October break, we are going to be learning nonfiction and text features in reading, working on persuasive essays in writing, exploring volcanoes and mountains in science as part of our Birth of Rocks unit, and finishing up multiplication before moving into division in math. It should be a solid month, and we're looking forward to getting in the Halloween spirit at the end of it!

Class: 4B Teacher: Mr. David

Dear Parents,

It's hard to believe we've already finished the first quarter of the school year! September flew by with Spirit Week and Wai Kru, and we are excited to begin a new month, as well as start the 2nd quarter. In reading, students will begin to explore non-fiction books and their text features, and in Writing, we will prepare to write persuasive essays. In Science, we are learning about volcanoes and mountains as a part of our Birth of Rocks unit, and in Math, we are finishing up our unit on multiplication before moving on to division. We are looking forward to celebrating Halloween at the end of the month!

Dear Parents,

Welcome to October! Quarter 1 is officially in the books, and what a start it was, with Spirit Week and Wai Kru making September fly by. Here's what's coming up in the classroom. In Math, we're wrapping up multiplication and getting ready to tackle division. In Science, our Birth of Rocks unit has us exploring volcanoes and mountains. In Writing, we're gearing up for persuasive essays, and in Reading, we'll be diving into non-fiction books and their text features. Looking further ahead, we're excited to celebrate Halloween together at the end of the month!

Kind regards,
Mr. Alex

Thai Teacher: Kru Namfar

Dear Parents,

In the past few weeks, we celebrated Wai Kru Day. Students learned about the meaning and importance of the flowers and plants used in the ceremony and designed their own *Phan Wai Kru*.

At the same time, we also explored different topics, including Thai desserts, and playing alphabet games. Due to the flooding situation, we continued learning online, where the students learned how to write letters to their friends. They shared how much they missed each other and will exchange their letters when we return to school.

จาก บีบี
ฉันคิดถึงเธอมาก

Thai Teacher: Kru Fai

Dear Parents,

Wai Kru Day — A Special Celebration of Our Teachers

The Thai Department was delighted to host our annual Wai Kru Day (Teacher Appreciation Ceremony), a meaningful Thai tradition that gives students the opportunity to express their respect and gratitude to their teachers.

I may not have the right words to fully describe the beauty of this special day. Instead, I would like to let the smiles on our teachers' faces tell the story. Their smiles truly say it all.

STAR
TEACHER

HIGHLIGHT

Thai Teacher: Kru Yim

Dear Parents,

G.2 Thai FT, G.3 Thai FT, G.3 Thai MT, and G.4 Thai MT learned about Wai Kru Day, a traditional Thai ceremony, by discovering the meaning of the flowers used in the ceremony, sharing ideas about Wai Kru traditions, learning about proper behavior during the ceremony, and creating lovely cards for their teachers.

All G.3 students performed a dance to “Ko Kru Na Rak Ni Ka” (ก็ครูน่ารักนี่คะ) during the Wai Kru Ceremony, expressing their love, gratitude, and appreciation for their teachers through a heartfelt and meaningful performance.

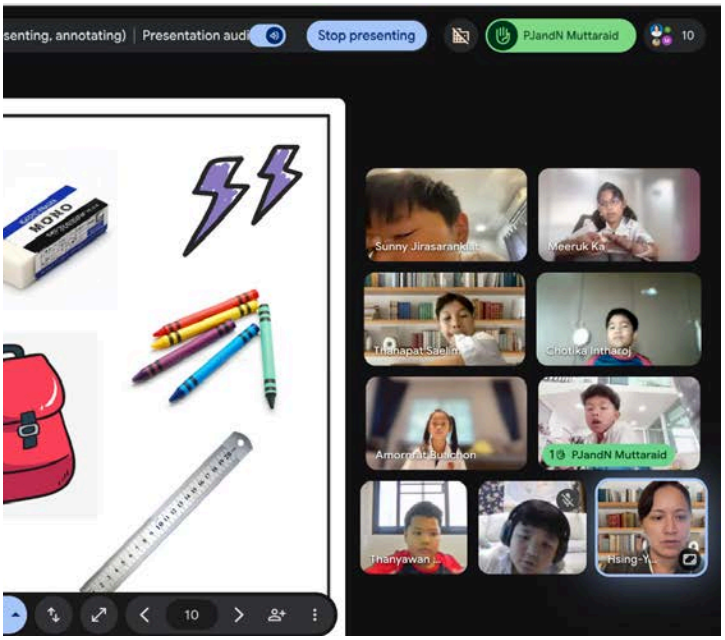

Chinese Department

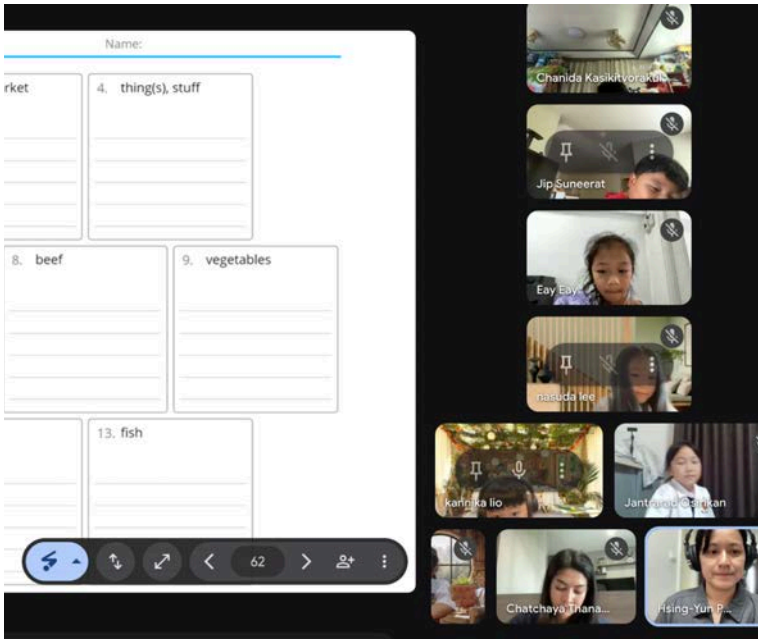

Chinese Teacher: Ms. Jamie

Dear Parents,

Recently, our G3 CFT students have been learning Kung Fu dance with folk dance teachers from Taiwan. It has been a wonderful opportunity to learn about Chinese culture through dance, and we look forward to their final performance! They also gave a fantastic performance of a Chinese song at our Wai Kru Day. In class, G3 CFT students have been learning measure words and how to ask about prices, with lots of interactive practice. G2 CFT students have been learning about supermarkets and shopping. After last week's flooding, we also used the situation to talk about related topics in Chinese, including buying things at the supermarket. Both G2 and G3 CFT students have been working very hard.

Chinese Teacher: Ms. Yi-Ling

Dear Parents,
What a fun and energetic month we've had! Our students have been learning and growing with so much passion.

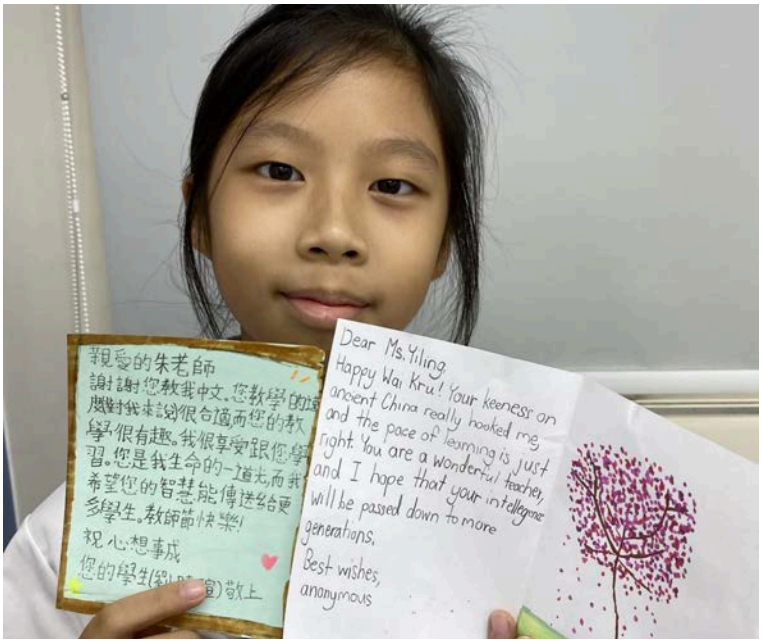

Guided by two wonderful cultural teachers, Ms. Pan and Ms. Huang from Taiwan OCAC, **3CMT** put on an amazing outcomes combining Kung Fu and dance. Despite learning through screens due to flooding, the students displayed incredible enthusiasm and coordination, mastering every movement with great rhythm and vitality from their homes. **4CMT** explored Chinese calligraphy and creative writing, showing off the beauty of Chinese art. Meanwhile, **2CFB** class had a blast with fun sing-along activities that helped them speak short sentences naturally and happily!

I am so proud of all our students and can't wait to see more of their big smiles and great work!

Chinese Teacher: Ms. Tang

Dear Parents,

We are very fortunate to have G1 CMT and G3 CFB students learn traditional folk dances with Ms. Pan and Ms. Huang, dance instructors from the Overseas Community Affairs Council (OCAC), Taiwan. The students had a wonderful time learning and experiencing Taiwanese culture through dance!

In G2 CMT, students learned how to use a Chinese dictionary. They are now able to look up unfamiliar Chinese characters on their own, helping them become more independent learners.

Chinese Teacher: Mr. Ju-Hung

Dear Parents,
This month, we are very excited to have two professional dance teachers from Taiwan join us at TCIS to teach our students a special dance activity. Our G2CFT students are learning a traditional Chinese dance featuring wave drums and colorful balls.
Learning an entire dance in just a few short practice sessions is a real challenge. The students not only need to remember the dance movements, but also learn how to change positions and work together as a team while maintaining coordination and synchronization.
Although the practices can be challenging, our students are very excited and truly enjoying the experience. We look forward to seeing them master the dance soon and, most importantly, take the stage and bring everyone a wonderful and exciting performance!

Chinese Teacher: Mr. Morris

Dear Parents,

The first quarter draws to a close, students are beginning to showcase a series of learning achievements. **G1 CFT** class has completed their own "Family Books" and can verbally introduce their family members and family tree. **G3 CFT** class successfully presented product prices, expressed their shopping lists in Chinese, and delivered an amazing Wai Kru performance. **G4 CFT** students are now able to create "Event Posters" detailing the time, location, and related activities of an event.
Hope you are proud of the children's learning outcomes and hope they keep up the great work!

Class: Music: Ms. Rebekah

Dear Parents,

In music class, each class is busy exploring music through a variety of fun and engaging activities. Students are learning not only how to play different instruments and sing, but also how to recognize, read, and perform different kinds of rhythms. Through movement, rhythm games, singing, and instrument playing, students are developing their musical skills while building confidence, creativity, and teamwork. It is wonderful to see them enjoying music and learning together!

Class: ELL Support: Mr. Jay

Dear Families,

Our ELL students have been making great strides in literacy!

- **Grades 1 & 2:** Practicing **short vowel sounds**, building new vocabulary, and using descriptive adjectives to enrich their writing.
- **Grades 3 & 4:** Mastering **digraphs** in phonics and strengthening reading comprehension through story retelling.

Thank you so much for your support during our online learning. With next week's holiday coming up, please help your child consolidate these reading skills by practicing daily at home. Have a wonderful, restful break!

Best regards,

Mr. Jay

  (English, Thai)
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: • racial or ethnic origin • political opinions • religious or philosophical beliefs • sexual behavior • criminal records • health data, disability • trade union information • genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get

consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current PDPA information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.

Nurse Arisara Suktrakool (Yok) **Email: nurse@tcis.ac.th** **Phone 02-751-1201 ext. 220**
