Please Keep Sick Children Home From School

Stay Home with These Symptoms:

- High Fever
- Persistent coughing
- Diarrhea
- Vomiting
- Headache
- Stomach ache

Stay Home if Diagnosed with:

- Influenza
- Conjunctivitis (pink eye)
- Pneumonia
- Norovirus
- Human Metapneumovirus (hMPV)
- Hand-Foot-Mouth
- Respiratory Syncytial Virus (RSV)
- Any Contagious Disease/Illness

Keeping a sick child at home will help them to recover and will protect other students at school

Dear TCIS Family,

At TCIS, we're not just focused on today—we're already deep into planning and preparations for an incredible next school year! This involves working closely with all of our stakeholders, including teachers, students, staff, and of course, our amazing parents! A huge thank you to our Class Parent Representatives (CPR) for their ongoing support and collaboration. Their insights and feedback are invaluable as we continue making TCIS the best school in Thailand!

This Tuesday, we invite all parents to join us for a Parent Coffee focused on sports at TCIS, hosted by our Athletic Director, Mr. Sean, along with the admin team. Our sports teams are thriving, and we want to build on this momentum to ensure continued growth and success. This is a great opportunity to ask questions, share ideas, and support our student-athletes as they represent TCIS in competitions.

With Parent-Teacher Conferences coming up, we strongly encourage all parents to attend and meet with their child's teachers. These conferences are a vital opportunity to:

- Get personalized updates on your child's progress.
- Discuss strengths, challenges, and growth areas.
- Ask questions about academic expectations and support.
- Build stronger connections with teachers at every grade level.
- Ensure your child is on track for success.

Whether your child is in elementary, middle, or high school, these conversations are key to ensuring they are thriving in all aspects of their education. Your involvement makes a huge difference!

We're incredibly proud of our seniors who have already received fantastic college acceptances! Many of our students are headed to top universities worldwide, and we'll be sharing more details soon. Their success is a testament to their hard work, the guidance of our counselors, and the support from parents and teachers.

As we look ahead, we are committed to continuous improvement, collaboration, and making TCIS even better. Thank you for being a part of this journey! Let's finish this year strong and get ready for an amazing year ahead!

Regards,

Dr. Michael

Dear Parents,

Parent Teacher Conferences - Friday, March 14th, 2025

Parent Teacher Conferences will take place on **Friday, March 14th, 2025**. It is not too late to make an appointment with your child's teachers. Call **Ms. Da** if you would like to set any appointment with teachers. Homeroom, Thai, Chinese, art, ELL, music, and/or PE teachers are all available to meet with parents. Drop on by my office (no appointment needed) if you would like to speak with me.

SLO Assembly: Elementary

During our SLO assembly last week, we presented awards to students who presented outstanding characteristics of being Responsible Global Citizens. Thank you to our MCs, to Grade 3A for their performance, and to the Student Council for discussing school rules and for making great posters to remind students of proper behaviors in school. [Assembly Photos](#)

Library Event: Dr. Seuss Birthday

On Friday, March 2nd, the library celebrated the birthday of famed children's author Dr. Suess. Some of his famous works include, *The Cat in the Hat*, *How the Grinch Stole Christmas*, and *Green Eggs and Ham*. Thank you to **Ms. Sopa** and **Ms. Gigi** for always doing an outstanding job in the library, and thank you to **Mr. Tom** for dressing as the Cat in the Hat. Students had fun and got to eat some birthday cake! [Dr. Seuss Birthday Photos](#)

TCIS Book Fair

TCIS Book Fair will take place between 7:00am and 4:00pm, from **March 11th to March 14th, 2025**, in the Ys Ys Cafe. Students will visit the book fair during their library period. [TCIS Book Fair Poster](#)

International Math Genius Olympiad

We are proud to announce our participation in the upcoming **International Math Genius Olympiad (IMGO)**. This contest will recognize and promote the math skills of our top students. There are four age categories (Primary A aged 7-8, Primary B aged 9-10, Primary C aged 11-12, and Lower Secondary - aged 13-15). The competition is open to Thai citizens, and there will be several stages. Teachers and lead teachers are currently selecting the top math students from each category, and we will confirm selection before the end of March. [International Math Genius Olympiad \(IMGO\) Poster](#)

Parent Coffee Morning: TCIS Sports

We will have a Parent Coffee Morning where Ms. Sean will present sports at TCIS at **7:45am, on Tuesday, March 11th, 2025**. We look forward to you attending. [Parent Coffee Morning Poster](#)

Kind regards,

Dr. James

Dear TCIS Family,

Exciting Updates on Campus Development!

We're making incredible strides in our campus development plan! Over the past week, several major projects have officially gone out for bidding, bringing us closer to some fantastic upgrades. These include:

- ✓ A brand-new soccer field surface for our athletes to play on!
- ✓ Renovating the floor of Gym 5 to enhance our sports facilities.
- ✓ Upgrading classroom air conditioning as part of our five-year improvement plan.
- ✓ Replacing the Middle School elevator for better accessibility.
- ✓ Extending the High School elevator to the sixth floor for added convenience.

And that's just the beginning—more exciting projects are on the way!

A huge shout-out to our incredible school purchaser, Ms. Natt, for her dedication and hard work in managing these efforts.

A special thanks to Mr. Frank and the Board—especially the Finance Committee—for their countless meetings and unwavering support. These amazing volunteers are truly dedicated to making TCIS the best school in Thailand!

Meanwhile, we're also making big progress on the Kingkaew Road project! Last week, we held another productive meeting with the Highway Department to brainstorm innovative solutions and review the traffic simulation plan based on recommendations from the Samut Prakan Highway District. Step by step, we're working toward a smoother, safer, and more efficient commute for our community!

Exciting times ahead—stay tuned for more updates!

Regards,

Ms. Apple
Business Manager

Dear Wolves,

I am thrilled to share the latest updates on TCIS Sports and the incredible opportunities available for your children to develop their athletic skills! Our various sports academies and training programs provide students with the perfect environment to grow, learn, and improve their game.

Monday Programs:

- **BSL Soccer Academy (All Age Groups):** This program has already shown fantastic improvements in our students' skills over the past few months. It's a wonderful opportunity for young athletes to develop their soccer abilities while having fun!
- **Raptors Basketball Academy (All Age Groups):** Focused on fundamentals, this academy ensures that students are working daily on enhancing their basketball skills and understanding the game.
- **Badminton Academy (Gym 2):** Whether your child is a beginner or advanced player, this program helps students improve their badminton techniques and develop a love for the sport.

Wednesday Program:

- **Coach Kevin Gantner's "Skillz and Drillz" (All Age Groups, Gym 2 - ASEP Class):** This program is designed to help students master ball-handling drills and grasp the fundamentals of basketball in an engaging and structured environment.
- [Sign-Ups are on Google Classroom](#)

Saturday Program:

- **Basketball Practice with Coach Sean (Grades 3-7):** A comprehensive two-hour training session focusing on all aspects of basketball. This is a great opportunity for young players to refine their skills and prepare for competitive play.
- [Sign-Ups are on Google Classroom](#)

These programs provide invaluable opportunities for students to improve and grow in their respective sports. The key to success is consistent effort and dedication. The more work students put into their training, the better the results! For more information on any of our sports academies outside of school, please feel free to contact me. We look forward to seeing our students thrive in their athletic journeys!

Parent Coffee Morning

We invite all parents to join us for a **Parent Coffee Morning on Tuesday, March 11th at 7:45 AM**. This will be a great opportunity to discuss all things TCIS Athletics, ask questions, and connect with our sports team. We hope to see you there! [Parent Coffee Morning Poster](#)

Dear Parents,

This quarter has proved to be the “growth spurt” quarter. The progress and improvement and development shown from these 1A students is truly amazing. Their writing is taking shape, their reading is intentional, their math is complex, and their maturity is growing! This past month we collaborated with the HS Journalism class to make weather forecasts, learned how to develop and express opinions in our writing, and graduated from cubes to base 10 blocks in Math! I'm looking forward to some exciting learning experiences in the coming weeks. Stay tuned!

Dear Parents, I am so proud of the growth I have seen in our class! The students have been working hard, and their progress in reading and writing has been amazing to see. Recently, we had the opportunity to collaborate with high school students to learn about weather. It was such a great experience, and the students really enjoyed working with older peers. In science, we are now exploring the moon, which has been an exciting and engaging topic for everyone. We have some cool experiments coming up, and I can't wait to see the students' curiosity and excitement continue to grow! In math, we have been using base ten blocks to build a stronger understanding of place value. This hands-on learning has helped students visualize numbers in a new way, and they are becoming more confident in their math skills.

Dear Parents,

We've been up to lots of great work in 2A! In Science class this unit, we're learning all about Erosion and how water can shape the Earth! We've done some super fun experiments with cornmeal and water to investigate how canyons are formed, and designed ways to protect our cornmeal "hills" from "erosion." 2A students are awesome Engineers!

Dear Parents,

What an exciting month it has been in 2B! Our students have been sharpening their measuring skills and solving tricky math word problems with growing confidence. We also had a blast celebrating the 100th day of school, marking this special milestone with fun activities and plenty of smiles. In science, the students have been fascinated by learning about erosion and the causes of flash floods, sparking curious questions and lively discussions. Meanwhile, adjectives have brought an extra spark to our writing lessons, with students eagerly using descriptive words to bring their ideas to life. Every day is an adventure in 2B, and we're loving every moment!

Dear Parents,

Class 3A recently embarked on an engaging math project that brought geometry to life using popsicle sticks. The students creatively assembled various polygons and quadrilaterals, carefully exploring and noting each shape's unique properties—from parallel sides and equal angles to the names of various polygons. This hands-on activity not only reinforced key geometric concepts but also fostered teamwork and critical thinking. By physically constructing and analyzing the figures, the class gained a deeper, more practical understanding of the world of shapes, making math both fun and meaningful.

Dear Parents,

This has been a wonderful month of learning! Students have been practicing persuasive speeches; character studies and biographies; exploring area, perimeter, and geometric shapes in math, and studying food chains in science.

We also enjoyed the Grade 3 performance of *The Sound of Music*—a fantastic show! Looking ahead, we are excited for Parent-Teacher Conferences on the 14th March 2025.

Thank you for your support!

Dear Parents,

4A has been busy engaging with learning. Students created their own version of a wild robot after finishing our class novel. We have spent time researching influential historical figures in order to write a persuasive essay on two people that we researched. We have strengthened our fraction understanding and started to compare them to decimals. Lastly, we have explored the way sound works and understand that sound is just vibrations that travel through the air!

Dear Parents,

We continue to stay busy in 4B. After finishing The Wild Robot, we made our robots and explained their features. We also finished up our persuasive essays on who we believe to be more influential. In math, we have begun to compare and add decimals, while in science we celebrated finishing our sound unit by designing and making instruments!

Thai Teacher: Kru Yim

Dear Parents,

We explored the literature "The Adventure of Sudsakorn. Students practiced reading the poem, learned the meanings of new vocabulary, shared ideas related to the story, described the characters, and translated the story together.. They also expressed their creativity by composing their own poems!

To build confidence, students presented their work in front of the class, and it was wonderful to see their enthusiasm and engagement in learning.

Dear Parents,

CFB students are making steady progress. With small-class teaching, we can better meet their needs. G1CFB students are learning how to say different activities in Chinese, such as listening to music, playing basketball, dancing and singing. G3CFB are learning special terms for games like hide-and-seek and Chinese yo-yo. G4CFB students are exploring Chinese kung fu (Taiji) and doing fitness exercises to feel Chinese traditional culture.

Each grade's Chinese topics are connected, having students to review and reinforce what they've learned. It's a fun and engaging experience!

Dear Parents,

Students had a learning journey in February that was both fulfilling and exciting. G1 CFT students learned how to express their hobbies and ask others about their hobbies in Chinese.

G3 CFT students learned how to describe symptoms of illness, discussed ways to prevent getting sick, and reported on the symptoms of different illnesses.

G4 CFT students learned vocabulary related to injuries in Chinese, discussed ways to prevent injuries at school, and reported on how to handle injuries in school. At the same time, we have also been preparing for the Children's Chinese Competency Certification (CCCC) exam. We hope that the children's hard work will lead to great results!

Chinese Teacher: Mr. Ju-Hung

Bingo! Bingo!

It's time for the students' favorite Chinese Bingo game again! Students fill in Chinese characters randomly and then compare to see who has better luck today.

This is a Chinese game that students love very much and it is also a good activity to help students improve their Chinese character recognition.

Chinese Teacher: Ms. Yi-Ling

Dear Parents,

Students engage in various Chinese learning activities to enhance their language skills and cultural understanding. In Grade 3 CMT, students practice calligraphy, developing their handwriting skills while appreciating the artistic and historical significance of Chinese characters. Grade 2 CFT students participate in a Character Bingo Puzzle game, reinforcing their character recognition and vocabulary in an interactive and enjoyable way. Meanwhile, Grade 4 CMT students bring stories to life through a puppet show, improving their speaking skills, creativity, and storytelling abilities. These activities foster a deeper connection to the language and culture, making learning both engaging and meaningful.

Dear Parents,

Our Grade 4 students have been working hard on their song! Each class selected their own song and chose different instruments to practice. They are now more than halfway through their songs and are learning how to create beautiful harmonies by combining all these different sounds together. It's always a challenge to blend so many instruments, but they are doing their best and making great progress. We are excited to see how their teamwork and creativity will shine through their final performances!

Dear Parents,

This month, we focused on improving writing skills by learning about sentence structure. The students practiced forming different types of sentences, helping them write more clearly and effectively. In addition, we explored the use of adjectives to make writing more interesting. Students learned to use descriptive words to add detail and make their sentences more vivid and engaging. It's been a wonderful month of learning, and we are excited to continue helping your child grow in their writing skills. Thank you for your continued support!

Warm regards,
Ms. Mikia

Personal Data Protection Act (PDPA)

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">● racial or ethnic origin● political opinions● religious or philosophical beliefs● sexual behavior● criminal records● health data, disability● trade union information● genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of

(i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some

vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
