Admissions Decision

Following a review of all records by Admissions and the applicable principal, a letter will be sent to the parents indicating if their child has been accepted or declined admissions.

Application Deadline

Generally, new students in PK-G8 may be admitted and enrolled at TCIS at any time during the school year if a space in the child's grade/program is available and all admissions requirements have been met.

For new students entering G9-G11, applications are taken year round. High school students should only plan on entering at the beginning of a semester. Because high school students need to have credits earned for graduation each semester, new student enrollment is limited to the first 15-days of each semester unless transferring from a very similar academic program. Applicants are strongly encouraged to apply as early as possible due to full enrollment at some grade levels.

Acceptance Policy Expiration Time

Students who are accepted to TCIS must enroll for classes within **15 days** of their acceptance letter.

As there is a class size limit, students will be admitted on a first-come, first-served basis. No seat can be reserved.

High school students are highly encouraged to begin classes within the first 15 days of the semester.

Waitlist

In the event of capacity enrollment at a grade level or in a program, we will maintain a waitlist.

Waitlists for each grade level, program, or class shall be maintained based on the application priority and the date and time a complete application packet is received.

If and when space is available in a class or a program, the parents will be advised immediately and asked to confirm that they still wish their child to enter TCIS. Current tuition and fees must be paid within **5 days**, to secure the student's enrollment.

Placement

- TCIS reserves the right to determine the proper placement for new students.
- Exam results, admissions interviews, and previous academic performance are all used to ensure a student's proper placement.

- Final grade placement is determined by the Admissions Team and principal.
- Based on the English language proficiency tests results, students may be placed into our English Language Learner (ELL) programs.
- Placement in Chinese and Thai classes are based on interviews and/or testing administered by the Chinese and Thai departments. Grade 9-12 non-Thai citizens new to Thailand are required by the Ministry of Education in Thailand to study one period of Foreign Thai Language every week for a duration of two years.
