Dear TCIS Family,

As we wrap up Quarter 1, I wanted to take a moment to share some exciting updates about our school community.

First and foremost, I am thrilled to report that our students are working incredibly hard and making great strides in their academic pursuits. Their dedication and enthusiasm for learning truly shine through, and we are so proud of their efforts.

It has also been a joy to watch students of all ages engage in sports. Their camaraderie and the improvement in their athletic abilities are truly remarkable. Whether they're competing on the field or simply enjoying friendly games, it's heartwarming to see our students having such a great time together. The Chess competition held last weekend was amazing and it was great to see so many TCIS students there.

In our ongoing commitment to ensuring a safe environment, we have recently [added barriers](#) in the parking lot area. These enhancements are designed to improve safety for our students and families, and we appreciate your cooperation as we all adapt to these changes.

Additionally, I would like to remind everyone of our Safeguarding Policy regarding restroom usage. All bathrooms inside the school are designated as either Adult or Student. We kindly ask all parents to adhere to this policy, as it is in place to protect our students and maintain a safe atmosphere for everyone.

On a cultural note, we are excited to celebrate [Double 10 Day](#) this week! We will have representatives from the Taiwanese government joining us for this special occasion. It's a wonderful opportunity for our students to engage with the cultural significance of this day and to foster a sense of community.

I would also like to extend our heartfelt congratulations to the students inducted into the National Arts Honor Society. Ms. Elizabeth did a beautiful job organizing the ceremony, and we are immensely proud of these talented individuals. Furthermore, our National Junior Honor Society students were notified last week, and we are thrilled to see our membership numbers continue to rise.

Thank you for your continued support and involvement in our school. Great things are happening at TCIS, and we are grateful to have such a dedicated parent community.

Regards,

Dr. Michael

Campus Safety: Traffic Barriers and Entrance Guidance

The TCIS community would like to express our deepest condolences in light of the recent tragedy involving the innocent students and teachers in the school bus fire in Thailand. Our hearts go out to the victims, their families, and all those affected by this heartbreaking incident.

At times like these, it is crucial for us to come together as a community, offering support and compassion to one another. The loss and pain experienced by the families affected are unimaginable, and we stand in support of them during this difficult time.

As an international school, we strive to create a safe and nurturing environment for our students. This tragedy reminds us of the importance of cherishing each moment with our loved ones.

We encourage all members of our community to reach out and support one another, whether through conversations, shared memories, or simply being present for those in need.

Let us hold the affected families in our thoughts and prayers, and extend our support in whatever way we can.

With heartfelt sympathy,

Kru Rung
(Penporn Kaewmark)

TCIS CAMPUS

Dear TCIS Family,

As we approach the end of the quarter, we have an exciting event on the horizon – Double Ten Day! This cultural celebration is a wonderful opportunity for our young learners to explore and appreciate the rich traditions and history of Taiwan. At our school, we believe that embracing cultural diversity is essential in fostering a well-rounded and globally aware education.

The Importance of Cultural Learning

Early exposure to different cultures helps children develop empathy, respect, and an appreciation for the diversity of the world around them. By introducing our students to various cultural traditions and celebrations, we aim to nurture open-mindedness and curiosity from a young age.

How We Celebrate Cultural Diversity at TCIS:

- **Inclusive Literature:** Our language arts curriculum features literature from authors of diverse backgrounds, allowing students to explore different cultures, traditions, and worldviews through storytelling.
- **Global Perspectives:** In subjects like world languages, students gain insights into the customs, beliefs, and ways of life of different societies around the globe.
- **Multicultural Histories:** Our secondary school social studies curriculum examines historical events and movements from multiple perspectives, highlighting the contributions and experiences of various cultural groups.
- **Culturally Responsive Teaching:** Our teachers ensure that their instructional practices are inclusive and respectful of the diverse backgrounds represented in their classrooms.
- **Celebrating Diversity:** Throughout the year, we organize events, assemblies, and activities that highlight and celebrate the cultural traditions and heritages of our students and their families.

By embracing cultural diversity in our curriculum, we aim to foster empathy, respect, and a deeper understanding of the world in which we live. We're excited to share this learning journey with our students and look forward to the rich discussions and experiences that Double Ten Day will bring.

We hope you have a wonderful holiday break filled with joy, exploration, and learning. See you all back soon for more adventures in cultural discovery!

Regards,

Mrs. Jasmine
Curriculum Coordinator

Dear TCIS Family,

At TCIS, we believe that happiness is deeply linked to your child's ability to learn and grow. When children feel joyful, well-rested, and supported, they are better able to focus, solve problems, and engage meaningfully in their education.

Two key factors that enhance both happiness and learning are *play* and *rest*. Play encourages creativity, social skills, and emotional resilience, all of which are critical for academic success. It allows children to explore, take risks, and discover new ways of thinking. Additionally, being well-rested gives students the energy they need to stay attentive and retain what they learn in the classroom. Adequate sleep also improves mood, memory, and overall well-being, which all contribute to better learning outcomes.

By balancing learning with play and ensuring your child gets the rest they need, we can help them succeed both academically and emotionally.

Thank you for your continued support as we work together to nurture your child's happiness, health, and academic growth.

Warmest regards,
Ms. Juanita Katherine Wilson M.Ed

Dear Parents,

We are delighted to share that PK2 students are HAPPY LEARNERS! They come to school each day with smiles on their faces, excited to explore, learn, and play. It is heartwarming to see how well they are adjusting to routines and actively participating in hands-on activities.

Dear Parents,

The PK3s enjoyed learning about what makes up a family. We explored different family structures and discussed how every family is special and unique. The students also learned new vocabulary related to family members, such as “mother,” “father,” “sibling,” and “grandparents.” Through engaging activities, the children understood that, most importantly, family is love. We had a lot of fun discovering how love is at the heart of every family, no matter its size or shape!

Dear Parents,

PK3 had a fun and busy September. We made clay mooncakes for the Mid-Autumn Festival and learned songs about it. We also celebrated the Wai Kru ceremony and a non-uniform Twin Day. The PK3 students are doing so well! They are getting used to school and making many new friends. Let's cheer for our PK3 students and keep supporting their learning!

Dear Parents,

In the PreK 4A classroom, the students have been working hard on counting from 1 to 20 by arranging the numbers in the correct order. They feel so proud when they can organize the numbers all the way to 20! Another exciting milestone for them was learning to play a board game. Using dice and taking turns was a big achievement, helping them develop patience and teamwork. The children have also started practicing early reading skills by using sentence frames with high-frequency words like "is," "I," "see," "like," and "the." They were thrilled to read their sentences out loud!

Great job, PreK 4A! I'm truly amazed by your progress. Keep up the fantastic work!

Dear Parents,

The PK4 kids enjoyed learning about our family. We sing “finger family songs” and explore different family members and use our fingers to deepen memories.

We also had a great time learning about the traditional culture of the Mid-Autumn Festival and ate delicious mooncakes.

This year , the kids begin to learn and write the phonetic symbols ㄅ ㄆ ㄇ ㄏ and know the corresponding sounds and vocabulary. Way to go,PK4!

Dear Parents,

Our kindergarteners have been working hard on developing essential skills in writing, reading, and math! They've been creating stories using pictures and words, writing their own books, and learning to improve their work. In reading, they've been using illustrations to retell stories, recognizing keywords, and mastering character dialogue. In math, they've compared sets up to 5, and practiced counting and problem-solving.

Additionally, they've made great strides in phonics, learning CVC words and mastering sight words. Their enthusiasm shone brightly during their first assembly presentations, where both KGA and KGB put on a fantastic performance! We're so proud of their progress and dedication to learning!

Dear Parents,

Kindergarteners have experienced activities together this month, including Wai Kru ceremony and the Mid-Autumn Festival (Moon Festival). We listened to stories and did hands-on work. KG's children like to draw very much. They also did a great performance at the assembly. There are a lot of events waiting for us next month, including Double Ten Day celebration and their favorite – Halloween! I believe that they really can't wait!

Dear Parents,

The PK2 students are learning about different shapes such as circles, squares, triangles, ovals, and stars. The children practice pronouncing the Thai names of the shapes clearly and correctly, and they are able to identify various shapes. Additionally, we have an activity where we explore the shapes around our school. The KG students are focusing on intensive reading and spelling development in their Thai language class. All the students are dedicated and engaged in learning every day.

Dear Parents,

During the Mid-Autumn Festival in September, I shared the story of Chang'e with the PK2 students, and we made Mid-Autumn Festival crafts together. The round and yellow moon was very lovely. For these two weeks, the theme has been related to “fish” (魚 Yú) in Chinese. The students learned a song about “fish swimming in the water” and explored the beauty of the ocean world through this theme. In addition, we also played the fish-eating-man game together, and they all enjoyed it very much.

Dear Parents,

What an awesome start to the school year. Our little Wolves have been moving and grooving in PE class. We have been learning all about locomotors and different ways to move our body. We have also been learning fun games that will be the foundation for our learning throughout the year. When we return back from our mid semester holiday, all ECE classes will be changing units. We will start to focus on throwing and catching!

Just a few reminders for class:

- Please remember to have your child wear sneakers on Dress Down Days.
- Sports Day is coming up on November 25! Don't forget to order your child's Sports Day shirt by [clicking this link!](#)

Personal Data Protection Act (PDPA)

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

| Personal Data | Sensitive Data |
|---|--|
| Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons. | Any personal data pertaining to: <ul style="list-style-type: none"> ● racial or ethnic origin ● political opinions ● religious or philosophical beliefs ● sexual behavior ● criminal records ● health data, disability ● trade union information ● genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC. |

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
