Dear TCIS Family,

We had an amazing Double Ten Day celebration at our school, wishing a Happy Birthday to Taiwan! It was a true honor to have Ambassador Chang join us for this special event. Our school is proud of its deep connection with Taiwan and its government, as our traditions are rooted in Taiwanese culture and language. The Board, which founded the school to keep these traditions alive, made the day even sweeter by giving cupcakes to the entire school. Our students worked hard to present a beautiful performance for the Ambassador and our community, making it a celebration to remember! A special shout out to Mr. Tony and the entire Chinese Department for such an amazing event. Each

performance was special and beautiful.

Please enjoy the [Double Ten Day Photos](#).

Get ready, parents! Our next big event is right around the corner – Halloween! Thanks to your amazing generosity, we have lots of exciting activities planned, including bouncy castles, fun games, and the juniors have a spooky Haunted House that the kids will love. There will also be plenty of delicious food booths for everyone to enjoy. It's going to be a fun-filled day for the entire family, so mark your calendars and join us for an unforgettable Halloween celebration. Parents are welcome the entire day and the activity starts with the parade at 7:30 AM. Come everyone to see this great day!

Exciting news from TCIS! The Foundation Board met last week, and many incredible things are on the horizon for our school. With the full support of Mr. Frank, our Chairman, and the entire board, we are moving forward with amazing new endeavors and the development of new facilities. Stay tuned for updates as we continue to make TCIS the best it can be for our students and community! Exciting times are ahead!

Regards

Dr. Michael

Dear TCIS Family,

Double Ten Day Celebration

Our Double Ten Day celebration was a wonderful event, and I wish to extend a heartfelt show of appreciation to **Mr. Tony** and the Chinese Department for their dedication in organizing such a magnificent celebration. Thank you to **Mr. Frank** and the TCIS Board for their endless support. The speeches during the ceremony were inspiring, and the performances were diverse and exciting! This was the most impressive Double Ten Day event we have ever had at TCIS! Everyone rose to the occasion, and I am already looking forward to next year's celebration!

Diorama Day

I visited the grade 1 and grade 2 Diorama Day event on October 10th, 2024, and I was extremely impressed with the great work from our students! I enjoyed hearing students describe their dioramas to me with confidence and excitement. Thank you to all the parents who joined the event. Having parents present was a key aspect in making the event a success. Here are the [Diorama Day Photos](#).

Upcoming Events

We have come to the end of a very successful quarter 1, and it is time to begin looking ahead to the next quarter.

- **October 23** : Chulalongkorn Day 23 : **School Closed**
- **October 25** : Parent Teacher Conferences (No students)
- **October 29**: PSAT Grade 8
- **October 30**: PSAT Grade 9
- **October 31**: Halloween Celebration

If you have any questions about any of these events, please reach out to your child's divisional leader or their divisional secretaries.

Kru Rung
(Penporn Kaewmark)

Dear TCIS Family,

Double Ten Day

The Double Ten Day event was truly impressive, filled with vibrant energy and cultural richness. The upbeat traditional drums set an exciting way to start the celebration, and the performances from our ECE, elementary, and secondary students showcased incredible talent and enthusiasm, and our MCs did a fantastic job. A sincere thank you to **Mr. Frank, Dr. Michael**, all the Board members, and our honored guest **Ambassador Chang** for attending and supporting our celebration. Special thanks to **Mr. Tony** and the

Chinese department for their dedication and hard work in organizing such a memorable event! Here is the link to the [Double Ten Day Photos](#).

Diorama Day

I want to give a huge round of applause 🙌🙌 to our incredible students, **Ms. Brianna, Kru Cream, Ms. Kristen, Mr. Kevin G, Mr. Thomas, our TAs, Ms. Da**, and our GA and support staff for making Diorama Day such a fantastic event! The multi-grade, cross-curricular experience was beautifully organized, and it was wonderful to see students so engaged and showcasing their hard work. A special thank you to the parents for joining us and supporting their children—this event truly fosters community and highlights the amazing learning happening every day. 🙏 We are excited to host more learning events this year with ECE and grades 3 and 4, along with our Thai and Chinese celebrations and Sports Day. Here is the [Diorama Day album with more than 100 photos!](#)

Parent Teacher Conferences

Our parent teacher conferences will take place on **Friday, October 25th, 2024**. During the conferences, you will receive your child's report card and MAP test results. The ECE and elementary teachers are fully booked for the day, therefore, it will be important to arrive a few minutes early to meet your child's teachers and to stay only for the allotted time, as other parents will be waiting. If you would like to meet with me during the Parent Teacher Conference, then kindly drop by my office. You do not need to make an appointment to see me during that day.

Diorama Day Pictures

Dear Parents,

The last few weeks have been so fun in Grade 1A! We were honored to lead the ES SLO Assembly in a song about working together. We also started an exciting Science Project by researching animals and building shoebox dioramas for their homes in preparation for an upcoming Diorama Day! Between all that, we are writing and reading lots of stories and feeling our brains grow in our heads. Oh, and to top it all off, we launched our first Class Dojo Store and used the behavior points we've earned this quarter to buy a reward for class. Fun times, indeed!

Dear Parents,

Grade 1B has been having a blast building our dioramas! We are so excited to share our hard work with you on October 10th for Diorama Day. Students have been reading and writing tons of stories. It has been so wonderful to see how much our class has improved their writing skills! Between our writing and reading we have been slowly working our way through our subtraction unit in math. AND we have even squeezed in some time for some Just Dance videos for indoor recess! We have some great dancers in 1B!

Dear Parents,

2A has been busy, busy, busy working on our Habitat Diorama Projects! Students have gotten so creative with designing and building their chosen habitats. Check out photos below of your students hard at work!

Dear Parents,

In our second-grade class, 2B, we've been diving into the exciting world of habitats and the amazing plants and animals that call them home! Each student chose a specific habitat, like the rainforest, desert, or ocean, and created a vibrant diorama to showcase the unique features and living creatures of their chosen environment. From colorful tropical birds to desert cacti, the students have put in a lot of effort and creativity into their projects. It has been wonderful to see their enthusiasm and learn together about the diverse ecosystems that make our planet so special!

Dear Parents,

In class 3A, students have been engaging in lessons across multiple subjects! In science, we learned about fossil formation and researched dinosaurs. In math, students worked on strengthening their foundational math skills, focusing on addition/subtraction, story problems, place value, and rounding. We are now moving onto multiplication and division! In reading, students sharpened their comprehension skills, practiced developing strong reading habits, and deepened their understanding of stories. In writing, students enhanced their use of figurative language and dialogue, while incorporating vivid, descriptive details into their personal narratives. They also focused on improving the overall structure and depth of their final pieces. Check out these awesome pictures of students' dinosaur posters, which they then presented to the class!

Dear Parents,

In Grade 3B, students have been hard at work on our Unit 1 Writer's Workshop, *Crafting True Stories*. Our young authors were busy drafting, revising, editing and publishing their special moments narratives. It has been amazing to see how students are bringing their stories to life using proper punctuation, vivid figurative language and clear paragraphs to create a rich, engaging experience for readers. Additionally, they have been collaborating by giving and receiving thoughtful peer feedback; as well as, helping each other become more Collaborative and Complex Thinkers in line with our School Learner Outcomes (SLOs). We are excited to see their final published pieces...on Google Docs!

PK is highlighting key figurative language and re-reading his work to make sure that his sentences are coherent.

Ray is using Narrative Checklist to ensure he is meeting the success criteria

Munich is reading a peer's writing and giving two stars and a wish for peer feedback.

Students are working together and independently in order to write at least three pages.

Poom is re-reading his work and editing as he goes along.

Matilda is listening to her partner, Anna, read her story so that they can discuss how to improve the writing.

Pacha showing her finalized published work on Google Docs.

Cake typing her work onto Google Docs.

Dear Parents,

4A has been working diligently on our Second Step goal. As a class we set a goal to collect 200 bottle caps which we would then reuse for a class project. For our project, students decided to repurpose the bottle caps and use them to create a functioning trash can for our classroom. To complete the project, we divided into teams. We had a team for designing, building, researching, and a poster creating team. Each group collaborated, shared ideas, and worked together to achieve their group job.

Dear Parents,

4B finished quarter one strong. Our narrative writing stories are finished and published, we have strengthened our addition, subtraction, multiplication, and place value skills, and studied how plants and animals adapt to their environment. We still have much to learn before we are ready for middle school, but we are up to the challenge. For now, we are looking forward to our week-long holiday, as well as dressing up for Halloween!

Thai Teacher: Kru NongSong

Dear Parents,

Students in G.1 Thai MT, G.3 Thai FT, and G.4 Thai FT have participated in various activities during their Thai classes. They have learned and practiced different skills such as reading, writing, listening, and speaking, as well as Thai culture. These activities include both individual tasks and team-based activities with their classmates, such as playing Thai vowel bingo, making Thai desserts, participating in quiz competitions, and more. These activities help students learn while having fun.

Dear Parents,

In mid-September, in CFB classes, I introduced the students to the traditional Chinese festival, the Mid-Autumn Festival, and in October, we are about to celebrate Double Tenth Day. All of them made lovely Double Ten forehead bands. We engaged in fun cultural activities to deepen their understanding of Chinese traditions. Additionally, the CFB students work hard, learn to recognize Chinese characters, develop listening and speaking skills, and develop teamwork skills with their classmates. I am excited to see how their language skills improve as they continue to practice both individually and in groups.

Dear Parents,

Our first graders have been learning more and more Zhuyin! Along the way, we've played many fun games, like hosting a paper airplane contest and making different animals with hand shadows. In second grade, we've been learning how to look up words in the dictionary and create new phrases. In third grade, we've been using tablets and flashcards to practice new vocabulary. Finally, with Double Ten Day approaching, we all worked together to make special hats representing Taiwan!

Dear Parents,

Approaching the end of first quarter, I am excited to share the students' learning achievements with you. G1 CFT students have learned to introduce their classmates in Chinese, G3 CFT students have been learning how to shop and calculate prices in Chinese, G4 CFT students have mastered expressing the time and duration of activities in Chinese. Meanwhile, the Grade 3 students will be performing Chinese traditional dance, lion dance during the Double Tenth Day celebration, and we look forward to their wonderful performance.

Dear Parents,

With the Double Tenth Day coming, our CFT students have learned more about Taiwan's culture. Students also made national flags to wish Taiwan a happy birthday!

Recently, the school invited Ms. Chou, a professional dance teacher from Taiwan, to TCIS to teach our students traditional Chinese folk dances. Our students are studying seriously and we look forward to them one day bringing these wonderful dances to everyone.

Dear Parents,
The arrival of the Double Ten Festival is a good opportunity to understand Taiwanese culture. This time, the cultural class of CMT students was taught by cultural teachers from Taiwan to teach the students about the origin of folk dance. Through the performance of folk music and body movements, students learned to use Bell drums to express youthful vitality and provide further experience and practical practice of Chinese culture.
In addition to dancing, we also learned to make handmade national flags. In addition to introducing the relationship between the country and its people, the teacher also played the national anthems of various countries and introduced the meanings of the colors of the national flags. From the students' focused eyes and investment in learning activities, Chinese learning from cultural activities are gradually integrated into students' daily lives, showing a different look.

Art and Science are integrated into the curriculum for Grade 1 and 2. As part of their Science lessons, students are learning about animals and their habitat, while in Art, they are creating animal sculptures for their dioramas. In addition, they are collaborating to sculpt 3D animals from clay. Through this project, students are developing skills in sculpture, learning techniques for shaping and welding clay to form realistic animal figures, and gaining an understanding of color mixing to accurately paint the animals. Once completed, the students placed their clay animals into the dioramas made during their Science lessons. The students performed exceptionally well in this project and will proudly present their work to parents and guests on October 10th.

Dear Parents,

My name is Ms. Mikia. This is my first year here at TCIS and also my first year teaching internationally. I have been a teacher for 13 years. I have taught children of all ages but I have mostly taught grade 1 for most of my educational career. I was born in Spartanburg, South Carolina which is in the United States of America. My family still lives there, so it was a surprise for them that I wanted to move halfway around the world to teach in Thailand. I graduated from the University of South Carolina-Upstate with a degree in Early Childhood Education. I do hope to go back to school and complete a degree in Library Science. Before I became a world traveler the way I would see the world was through books.

Personal Data Protection Act (PDPA)

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">• racial or ethnic origin• political opinions• religious or philosophical beliefs• sexual behavior• criminal records• health data, disability• trade union information• genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or

disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
