Soi Clean-up

Dear Middle School Parents,

After an action-packed November, we kept the momentum going. In addition to all the great learning, experiments, and activities, students started the month celebrating Father's Day. As expected, the Thai Department and students put on amazing performances that gave thanks to the late King Bhumibol and all the father figures we each have. The culture and creativity on display are impressive!

We will have a lot of great learning this month and close with a talent show on December 13. However, we are also preparing for an exciting school-wide January 17, 2025 event. Parents are encouraged to join. Today, I presented to the middle school about the event.

TERRY FOX RUN

Terry Fox was an inspirational teenager who lost his leg to bone cancer. He decided to run across Canada to raise awareness and money for cancer. He did not make it across Canada, but he achieved his goal and much more. In addition to raising \$24 million USD in 1980 as an 18-year-old, he started an annual event that is celebrated around the world.

We will host our own Terry Fox Run. Student Council, NJHS, NAHS, Journalism, and the Band lead this event. We aim to raise 100,000 Thai Baht for the Chulalongkorn Hospital cancer department. To achieve this, we are asking students to collect donations. In exchange, they will run 15 laps or more at the school. Donations are optional. We will also sell TCIS Terry Fox shirts, pins, bracelets, and face painting. All the money goes directly to cancer research.

Please consider donating for your child, purchasing a shirt, and joining the fun run! This will become an annual event. In addition to the charitable work, our students will learn many skills and positive attributes from this event. Please let me know if you have any ideas for how to help enhance our event. Below are some links for your review.

- [Donation Form](#): Students will be given this on Monday to record their donations.
- [T-Shirt Order Form](#): You can use this form, or students can purchase our first-ever shirt at school.
- [Presentation](#): This was the presentation shared with students.

Dear Parents,

We are thrilled to share that Micha, Jing Hong, Pordee and Tiger are truly thriving in their developmental journey! Their days are filled with fun, exploration, and new discoveries that are helping them build confidence and self-esteem. Whether they are trying new activities, playing with friends, or engaging with the world around them, they are learning valuable lessons about themselves and their abilities.

At this stage, the youngest students in TCIS are developing a strong sense of independence, testing their limits, and beginning to express their thoughts and feelings with growing clarity.

As they continue to grow, the experiences and encouragement they receive from you, their teachers, and peers play a crucial role in nurturing their self-confidence. We are excited to watch them continue to explore, learn, and flourish in this wonderful stage of development!

Dear Parents,

This November has been a month of discovery, creativity, and meaningful connections in our classroom! Through the "Seasons of a Tree" theme, our students had opportunities to engage in hands-on activities that connected them with nature, fostered their creativity, and supported their social-emotional growth. We also emphasized social-emotional learning by discussing what we are thankful for, promoting kindness, and working together to prepare for our ECE Assembly performance. Everyone participated enthusiastically and did a wonderful job! Seeing the children grow, share, and celebrate the joy of learning together has been truly heartwarming. We are excited to carry this joy and curiosity into December and continue our journey of exploration and learning together.

Dear Parents,

This month has been fulfilling. In Chinese lessons, we explored "weather," and children learned weather-related words.

In STEAM, we combined "colors" with hands-on activities using droppers to build hand-eye coordination, which everyone enjoyed.

Thank you, parents, for joining the sports day and making it memorable for the children!

Dear Parents,

What an Exciting November We had! November was full of excitement and learning for our PK4 students! We celebrated Loy Krathong, with students looking wonderful in traditional attire, and enjoyed a fun-filled Annual Sports Day packed with activities on the field. In class, students confidently practiced reading sentences with sight words and created patterns using manipulatives, showing great progress in literacy and math. Our PK4 students continue to impress us with their enthusiasm for learning. Well done, PK4—keep it up!

Dear Parents,

Our PK4 students are making progress every day. They know more and more how to love and help each other with their friends. We have been learning about the weather including sunny(晴天), cloudy(陰天), rainy(雨天), windy(颶風), snowy(下雪), etc.. The kids like to learn new things by observing the changes in nature. We also spent Loy Krathong day and Sport day together and the kids were very involved in various activities. Thank you to all parents for your continued support.

Dear Parents,

The past few weeks have been filled with exciting activities and joyful learning in kindergarten! The children had a blast on Sports Day, showcasing their energy and teamwork through fun games and challenges. They also loved Non-Uniform Friday, creatively dressing as "Night and Day" with cool outfits. Our exploration of Thanksgiving included stories, crafts, and discussions about gratitude to teach children the importance of thankfulness.

In the classroom, students continued developing their writing skills through "Show and Tell", describing their favorite items and meaningful places. In math, they worked on addition problems and were introduced to important symbols like the plus and equal signs, setting the stage for future problem-solving. It's been a wonderful time of growth and celebration as we head into the holiday season!

Dear Parents,

Kindergarteners had a happy day on sports day last week. After school, they kept asking why we could play so many games today. Thank you to everyone who participated for the wonderful arrangements and assistance. In November, kindergarteners learned about the four seasons, and there are different phenomena in different seasons. They also learned the addition of initial consonants and compound vowels, which posed more challenges in reading. But we can do it.

Thai Teacher: Kru Yim

Dear Parents,

What a wonderful week we've had together! We learned about the Thai alphabets and celebrated Thai culture with a focus on the beautiful tradition of Loy Krathong. We had a fantastic time creating their own krathongs using fish food and hands-on activity they truly enjoyed. For alphabets learning, We matched letters with pictures, sorted the alphabet in the right order, and did other creative tasks that made learning so much fun! I'm so proud of how happily and enthusiastically you've been learning. You are all doing an amazing job!

Dear Parents,

PK2 students had a wonderful time learning Chinese through fun activities like handicrafts, singing, and dancing. They've also been learning action words such as clapping, jumping, and running, while practicing these movements. These large motor activities are excellent for their development. In addition, they've learned the Chinese names for fruits like grapes and oranges, along with recognizing their shapes. It's been an exciting and engaging experience for them in Chinese class!

Dear Parents,

Our little performers have been working really hard to prepare for our upcoming Winter Concert! The concert will feature delightful songs and festive performances that are sure to bring holiday cheer. Please come and enjoy our little one's performances.

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">● racial or ethnic origin● political opinions● religious or philosophical beliefs● sexual behavior● criminal records● health data, disability● trade union information● genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or

disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
