Dear TCIS Family,

I want to extend my thanks to everyone for your continued support and collaboration in making our school the best it can be. Your participation in meetings and discussions has been invaluable, and I'm especially grateful to our dedicated Class Parent Representatives for their efforts in advocating for policies that truly benefit our students.

We were honored to welcome Mr. Eric, one of our alumni back to campus, who generously donated to our Interact / Red Cross drive for flood victims. Their contribution, along with the hard work of our NHS, NJHS, NAS has made a real difference in our fundraising efforts. Together, we are helping to support meaningful causes and showing what it means to be a caring community.

Our Sports Programs are thriving! I had the pleasure of attending two basketball games this week, and I am proud to announce that we won both. We not only won them, we dominated! The improvement over last year is remarkable, and our teams are showing tremendous dedication and spirit. Shout out to Mr. Sean and all the coaches for the hard work for practices and to each member of the teams for the dedication and effort!

The Green Campus Initiative is also flourishing, with beautiful new plants adorning our campus, creating a healthier and more vibrant environment for everyone.

In addition, we are in the process of interviewing new Teacher Assistants to support our PK3 and PK4 classes. These roles are crucial as we continue to prioritize the needs of our youngest learners.

Last week was Spirit Week, a time full of energy and enthusiasm, and while it has officially concluded, we still have one more exciting event to look forward to - the final performance, scheduled for Monday. We invite all parents to join us for this special celebration of school spirit and creativity.

Thank you again for your commitment to our school. Together, we are building a brighter future for our students.

Regards

Dear TCIS Family,

Wai Kru: Our Thai teachers and students are currently preparing for our [Wai Kru ceremony](#) that will take place on **Thursday, September 19th, 2024**. Practice for the ceremony takes place during students' Thai class periods. Wai Kru is a Thai ceremony where students show their respect and gratitude to teachers and for their dedication and hard work. Our students are working with teachers for their performances. This is part of the Thai tradition showing respect. During the upcoming ceremony, students are selected from each grade and walk up to and kneel down slowly in front of the teachers and exchange flowers. This ceremony is very important in Thai culture.

Thank you to our Thai teachers and to students for all the preparation to make Wai Kru a memorable event. Here are some elementary [Wai Kru preparations photos](#).

Flood Relief Donation Campaign for Northern Thailand People

We are continuing with our TCIS Flood Relief Donation Campaign. This initiative is being led by the **TCIS Interact (Rotary) club**, the **TCIS Thai Red Cross club**, the **National Honor Society**, and the **National Junior Honor Society**. We ask our community to donate clothes, food, blankets, bedding, diapers, non-perishable foods, flashlights, or cash. Donation boxes are set up at the security gate and at locations within the campus. We thank you for your generosity, compassion, and humanity as we come together to help people in their hour of need.

ESAR (School Annual Report)

Similar to our WASC self-study (every six years) and our WASC Mid-Cycle Report, our school produces a comprehensive school annual report (ESAR) for the Thailand Ministry of Education (MOE) (ONESQA). In the report, we comment on our mission and vision, our strategic plan, our SLOs, the whole school curriculum (with a deeper focus on The Thai curriculum), school safety, student support, and other school-related items. This is a team effort, and the Thai Department, Dr. Michael, Dr. James, and I work collaboratively to produce the report, which will be submitted at the end of September, 2024.

University Fairs

We are beginning a fantastic run of university fairs and visits from universities to TCIS. These are wonderful opportunities for our students to get to know more about universities and their programs.

Regards,

Kru Rung

THURSDAY

19

SEPTEMBER

2024

@ 5TH FLOOR GYM
9.30 A.M. - 10:40 A.M.

DRESS CODE
TEACHER: PROFESSIONAL ATTIRE
STUDENT: SCHOOL UNIFORM (WHITE SHIRT)

Dear TCIS Family,

Spirit Week Success

Our students (and our parents!) had a lot of fun during Spirit Week! There were so many great outfits on each day. I hope we can do it again! I dressed like a student one day, and there are some photos below of me and another popular "student." 😊 There will be a musical performance on Monday, September 9th, 2024 to finish Spirit Week, but students will wear their normal school clothes on that day.

Flood Donation Campaign Continues

The flood donation campaign continues this week. This is a school-wide effort involving parents, students, and faculty from ECE, elementary, middle school and high school. Your donations of clothes, food, blankets, bedding, diapers, non-perishable foods, flashlights, or cash are welcomed. Donation boxes are set up at the security gate and at locations within the campus. There is a red cash/money scan box outside my office for parents who want to donate cash. Thank you for your immense generosity during this time.

Art Event

As part of Spirit Week Be YOUnique Week, Kru Cream, Ms. Brianna, and the Student Council organized a wonderful Art Event. All elementary students took part making creative designs with their hand prints. The Student Council members all had jobs during the event, including taking photos and videos, and placing the finished hand designs on poster boards around the school. Well done, everyone!

Sports

Our sports teams are doing incredibly well! Our G5U girls team won their match 21-8 in their away match, while the G5U boys team won their home game by a score of 24-0. Two big wins! The energy from our students and parents was great!

SLO Assembly

We had our first SLO Assembly on Friday, August 30th, 2024. The SLO of the Month for September will be Collaborative Worker. We discussed what it means for students to be collaborative workers, and provide them with examples. We also used the assembly to introduce the Elementary Student Council to the elementary school.

Facility Upgrades

Thank you to our Class Parent Representatives for meeting and providing valuable feedback on our proposed facility upgrades. And a big thank you to Mr. Frank and the Board for their vision of improvement and dedication to TCIS.

Kind regards,

Dr. James
james.cooke@tcis.ac.th

Spirit Week Photos, Basketball Game Fun (We see you in the background 😊), Comfy Pajama Day

Art Event, Collaborative Workers Helping in the Canteen, Elementary Student Council

Dear Middle School Parents,

With our after-school programs and sports in full swing, the campus is buzzing with energy and excitement from morning until evening. We are halfway through the quarter. Please check your child's grades on [PowerSchool](#) and contact the teacher if you have any questions about their progress.

Student Council

A big congratulations to our 2024-2025 Student Council members! Our dedicated students and lead teachers have already begun planning some exciting initiatives. This year, the team will focus on boosting school spirit, supporting our Student Learning Outcomes (SLOs), campus improvements, and organizing events. I'm excited to collaborate with these young leaders and look forward to the positive changes they'll bring.

Spirit Week

Seeing the creativity and enthusiasm our students brought to Spirit Week has been a joy! This event is a beautiful way to kick off the school year, especially as our sports teams begin their games and matches. Let's keep the school spirit alive by cheering on our teams at TCIS and other schools. For a full recap of sports events, please refer to Mr. Shaun's update. Go Wolves!

Grade 8 PSAT Prep

All grade 8 students have received their detailed MAP scores. Advisory teachers have reviewed these with students, discussing the personalized resources to help them prepare for the upcoming PSAT on October 29. I encourage you to talk to your child about their scores from last year and the preparation plan. The resources are designed to tailor learning and practice SAT-style questions. High school planning is soon, and early preparation will open doors to multiple opportunities.

Peer Tutoring

Starting September 17, we're offering free peer tutoring for students who need extra support. Tutoring sessions will be held in the library from 3:20-4:00 pm, Tuesday through Thursday. High school students will assist middle schoolers with their learning and homework. If your child could benefit from additional academic help or simply wants assistance completing assignments, I encourage them to participate in this valuable program. Students who wish to volunteer as tutors can also sign up through the MS Office. It's a great chance to build leadership skills and enhance their resumes!

Academic Recovery

To help students stay on track, we've established an Academic Recovery room during morning break and lunch. This space is available daily for students to complete missing assignments, work on homework, or catch up on lessons. Many students have already made great strides in improving their grades and skills by using this resource.

Please encourage your child to drop by if they need extra help.

Richard E. Poulin III

Head of Middle School

richard.poulin@tcis.ac.th

Dear TCIS Family,

Play-based learning is at the heart of early childhood education, and for a good reason! Through play, young children explore the world around them, learn new concepts, and develop crucial life skills. Here's a closer look at why play is such a powerful tool for learning in the early years and how it supports creativity, problem-solving, and social development.

Why Play-Based Learning Matters

- **Creativity and Imagination:** Play allows children to use their imagination and creativity without boundaries. Whether they're pretending to be superheroes, building castles out of blocks, or creating stories with dolls and action figures, play encourages them to think outside the box. This imaginative play is not only fun but also helps develop creative thinking skills that are essential in problem-solving and innovation later in life
- **Problem-Solving Skills:** During play, children often encounter challenges that require them to think critically and devise solutions. For instance, figuring out how to build a stable tower with uneven blocks or how to share limited resources with friends in a make-believe grocery store scenario. These moments are key opportunities for developing cognitive skills like reasoning, planning, and decision-making.
- **Social Skills and Emotional Development:** Play is a social activity. When children engage in group play, they learn to communicate, collaborate, and negotiate with others. They also practice empathy by understanding and responding to their peers' emotions. Through role-playing and games, children learn about taking turns, following rules, and resolving conflicts—all essential skills for building healthy relationships.

Play isn't just a way to pass the time—it's a critical component of learning and development for young children. By prioritizing play, we help children develop a strong foundation for future academic and social success. At TCIS, we're committed to nurturing these skills through thoughtful, engaging, and fun play-based learning experiences. Let's continue to champion the power of play in fostering a love for learning and a sense of curiosity in every child.

Regards,

Ms. Jasmine
Curriculum Coordinator

Dear TCIS Family,

I hope this letter finds you well. At TCIS, we recognize the vital role that strong, positive friendships play in a student's overall well-being and success. With this in mind, we are excited to introduce new peer groups aimed at helping students build social skills and form meaningful connections with their peers.

These peer groups will provide a supportive environment where students can learn the importance of empathy, teamwork, and communication. By participating in activities designed to promote positive interactions, students will have the opportunity to develop friendships that can enhance their school experience and contribute to a happier, more fulfilling life.

Research shows that the people we surround ourselves with significantly impact our choices, attitudes, and overall life satisfaction. By fostering positive relationships, we are setting our students on a path toward success, both academically and personally.

We believe that these peer groups will be a valuable addition to our school community, and we are eager to see the positive outcomes they will bring.

Thank you for your continued support as we work together to create a positive and nurturing environment for our students.

Warmest regards,
Ms. Juanita Katherine Wilson M.Ed

Student's Special Achievements Section: Kongto

Congratulations to Kongto : He joined the Ascot Football Academy got CHAMPION B.E.S Youth Cup U8!

Dear Parents,

I am pleased to share that our young learners have adjusted wonderfully to being at school. They are adjusting beautifully to their routines and activities, and it is a joy to see their enthusiasm and energy. They are active and engaged, embracing each day with enthusiasm. It is wonderful to see them growing in confidence and enjoying their time in their new learning environment.

Dear Parents,

The PK3s had a fantastic time learning about their faces and body parts. They explored different parts of their bodies through songs, games, and hands-on activities, practicing how to name them. They especially enjoyed identifying and gluing parts of their faces and using mirrors to spot their eyes, nose, mouth, and ears. It was wonderful to see their excitement as they discovered more about themselves! Additionally, they loved dressing up for our daily Spirit Week themes, which added even more fun to our learning experiences. We're excited to continue exploring and learning together in the weeks ahead!

Dear Parents,
PK3B students have quickly adapted to school life. In addition, we have learned to put on and take off shoes, line up, wash hands, and brush teeth together. Moreover, they now happily play with their classmates and help tidy up the toys! Their progress makes me proud! Furthermore, I appreciate the encouragement from parents. Let's keep working together to create a wonderful learning experience for the students.

Dear Parents,

PreK 4A has had a fantastic time in class every day! We've learned so much, including how to work together with a partner, take turns, and play in a group. Understanding how to wait for your turn has been a big accomplishment for us. We've also been building our fine motor skills, doing a great job cutting along the dotted lines. On top of that, we're learning letter sounds and a few sight words as we begin our reading journey. Well done, PreK 4A students! I can't wait to see how much more you'll accomplish.

Dear Parents,

Our little ones had a wonderful first month. During this month, we started to get used to the classroom rules, established good class order, and started to learn more Chinese. The kids begin to practice Chinese phonetic symbols and use their bodies to memorize different pronunciation. They have good language learning abilities. Our kids also strive to perform in order to get more stars so they could choose gifts of their choice. They are working so hard on it and we are all proud of them. We had a very fulfilling month and made a lot of progress. Let's cheer for our little ones.

Dear Parents,

The first month just flew by, and our kindergarteners have made incredible progress! They've been busy reading and interpreting the world around them, mastering foundational math skills, and expressing their ideas through writing. Learning has been fun, and they're so engaged—it's been a truly successful start. We ended August with students dressing up in outfits related to their favorite subjects and kicked off September with Spirit Week, beginning another fantastic month filled with excitement and enthusiasm!

**THAI-CHINESE
INTERNATIONAL
SCHOOL**
AMERICAN CURRICULUM SINCE 1995

Dear Parents,

Kindergarteners did a great job this month. We also need to learn how to play well with friends, how to take turns, how to line up, and how to ask for help. This month we started to learn Zhuyin/Pinyin. This is a new challenge for KG students. It may be a little difficult, but it doesn't matter. We practice every day. I believe we will become proficient in it soon. One day we can become great readers.

Thai Teacher: Kru Yim

Dear Parents,

PK3 class had an amazing time exploring colors through these hands-on activities! From searching for objects that match specific colors to crafting and observing the blooming paper flowers, the children were able to see color concepts come to life in a fun and interactive way. The excitement of watching the flowers slowly bloom in water not only captured their attention but also reinforced their understanding of colors in a memorable experience. Saying, "Let's see how this is slowly blooming in the water with us!" adds an element of wonder and anticipation, making the learning process even more engaging and enjoyable for us.

Dear Parents,

In the PK2 Chinese class, the children enjoy listening to Chinese songs, dancing, practicing speaking Chinese with me, and we also do pre-writing and coloring exercises together. These activities help them learn and grow. They now know some colors, fruits and numbers in Chinese. I'm happy to say that the PK2 children are doing very well.

Dear Parents,

ECE students are having so much fun in music class! They all enjoy singing, dancing, and playing instruments!

PK2: Learning nursery songs

PK3: Learning about dynamics 'Loud and soft'

PK4: Learning about 'solfege' singing

KG: Learning to play handbells

+ Plus a lot more activities in class!

I will share more pictures of each class in the Music monthly newsletter.

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">● racial or ethnic origin● political opinions● religious or philosophical beliefs● sexual behavior● criminal records● health data, disability● trade union information● genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get

consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.

Nurse Arisara Suktrakool (Yok)
